

TLT-12E/TLT-15D

Optical fiber loss test kit

Easy to
carry

Anti-
collision

Quality
assurance

High
capacity

Product description

Plastic handle, Ergonomic design arc, keep your hands comfortable.

The internal anti-collision design uses high-density sponge to isolate and protect tools.

Large internal capacity, complete product configuration.

External use EVA material, waterproof and wear-resistant.

Product Features

- Ergonomics, snap-button design, not to squeeze your hands, comfortable and labor-saving.
- The built-in thickened pe5 can effectively fix the product and prevent collision and damage between instruments.
- High-density sponge lining protection, 5 meters drop resistance.
- Fiber end face cleaning and inspection, light source loss test.
- Waterproof, wear-resistant, thickened, shockproof, can be cross-carried and portable.
- Suitable for optical fiber construction, inspection and cleaning.
